<p>Items to discuss with the contractor before the work begins: How does the contractor charge: By the hour (how much), by the foot or rod (how much), rate on different sizes of tile Is the landowner expected to help? How many men's labor is included with the charge for the machine? What charge is made for extra labor? Is there a moving-in charge? If so, how much? Does the contractor charge extra for handling pallets? If so, how much? Is there a charge for rock time on tiling? If so, how much? Is backfilling included in the cost of tiling? Projected starting and completion time of project (weather permitting). Can he provide references?</p>
